DETAILED ACTION

Response to Amendment

1. The amendment filed on 07/26/04 has been entered and made of record. Claims have been renumbered 1-42.

Allowable Subject Matter

2. Claims 1-42 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-42 are allowable over the prior art made of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a method of reading an image, which comprised the steps of: exposing a color photosensitive material having at least three photosensitive layers containing blue-, green-, and red photosensitive silver halide emulsions, respectively, on a transparent support; processing the exposed color photosensitive material at a processing temperature of 50°C or more to form a silver image; and reading the silver image, respectively, as set forth in Claims 1, 5-11, 16-18, 23-24, 29-30, 35-36, and 42 including all of the features recited therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
